ORENCO NURSERY COMPANY

ORENCO, OREGON

WHOLESALE PRICE LIST

TERMS AND CONDITIONS OF SALE

Let us have your order now while we can supply your requirements better than we can later. Nothing to be gained in delay.

Terms are cash or satisfactory references before shipment. To established Nurserymen who are known or who can give satisfactory reference, 60 days from date of invoice will be allowed for payment. For cash with order we will allow a discount of 3 per cent. If invoice is paid on or before 10 days we will allow a discount of 2 per cent, 30 days 1 per cent; but is net and due 60 days from date of same. All invoices dated March 1st, or later, are due June 1st, regardless of date of shipment.

C. O. D. orders should be accompanied by a remittance of at least one-third of the amount of the order.

If shipment is made to a prepaid station a remittance must accompany the order sufficient to cover the freight charges.

Hundred rates will be allowed only when 50 or more of one class such as Apples, Pears, Prunes and Peaches are ordered. Thousand rate will be allowed only when five hundred or more of a class are ordered.

All orders will be carefully packed, for which a charge will be made only to cover the cost of material used and labor for packing.

All shipments are at the risk of the purchaser after being delivered in good condition to the forwarders. Purchasers must be responsible for any loss or delay that may occur through the negligence of forwarders or Horticultural Inspectors. We will use every means possible to secure prompt delivery, but are not liable for delays in transit. Our responsibility ceases upon delivery in good order to the carriers and the remedy for loss, if any, must lay between the buyer and carrier.

All claims for shortage or damage must be reported within five days after receipt of stock or they will not be allowed.

We book all orders with the understanding that same shall be void should any injury occur to the stock on account of frost, fire, flood, drouth or any other cause beyond our control.

Prices herein are for the TRADE ONLY and cancel all former quotations and are subject to change without notice.

Guarantee of Genuineness. Our fruit trees are all budded or grafted, and every care and precaution is taken to have them true to name; still with all caution exercised, mistakes are liable to occur, but we hold ourselves in readiness upon proper proof, to replace all trees and other stock that may prove untrue to label, free of charge or to refund the amount paid. However, it is mutually understood and agreed to between the purchaser and ourselves, that our Guarantee of Genuineness shall in no case make us liable for any sum greater than that originally paid us for trees, plants, etc., that may prove untrue.

Order on Separate Sheet. Orders should be legibly written on a separate sheet and not mixed up in the body of the letter, always giving plainly the post-office address, destination, and route by which the goods are to be forwarded. By adopting this rule many errors and delays can be avoided.

TERMS AND CONDITIONS OF SALE—Continued

We suggest sending us your order as soon as you can. The earlier we receive it the better we will be able to serve you. We will gladly book your order as soon as received and reserve such stock as you order from that time. If you delay in sending us your order we may sell to others all we have of some varieties, part of which you may desire.

Cancellation. We are glad to accommodate our customers by reselling stock they may have ordered from us and find they cannot use, if we can find a market for it, but it is unfair to insist on our cancelling an order under other conditions, and in self-defense would be obliged to refuse to do so.

Substitution. We do not substitute unless requested to do so. If you wish us to substitute in case we are sold out of any variety ordered, please so state.

Shipping Season. Our packing season commences about October 15th and continues steady to about May 1st. We usually have open winters here.

Inspection. Each order will be inspected before shipment and a certificate attached to each package.

To Our Patrons. This Price List will be followed by Surplus Lists at intervals during the season. If you do not receive these we would consider it a favor if you will send your name and address for our mailing list, and they will be mailed to you as issued.

Prices in this list are intended for the TRADE only. If this price list reaches anyone not entitled to it, we would appreciate being advised of the fact, so we may correct our mailing list.

If we do not grow all stock you desire we will gladly secure, if possible, balance for you. Our connection with other leading nurseries in this section (Portland territory) enables us to do so at regular wholesale prices.

We are headquarters for carlot shipment. No charge will be made for assembling orders.

When in a hurry for delivery, wire your order at our expense if order amounts to ten dollars or more.

REMEMBER—QUALITY CONSIDERED, IT IS MITCHELL'S POLICY TO BE NOT UNDERSOLD.

PRICE LIST 1940-1941

ORENCO NURSERY COMPANY

FRUIT TREES

Caliper shall govern the grade of fruit trees. In most cases the trees will be taller than the height specified in the different grades.

All 2-year trees are headed and branched.

We also can furnish fine, heavy 2-year grade, 3/4-inch and up, well branched trees at 5c more per tree.

EVERGREENS

Our Evergreens are transplanted every second year, which fills the ball of earth with which they are dug with a system of fibrous roots, thus insuring their growth when transplanted.

They have been carefully trained and pruned, and are balled and burlapped without extra charge.

Have a nice boquet on us. For you a Rose in Orenco Grows.

ROSES

Grown by cultivation—not irrigation.

FAMOUS WELL-KNOWN OREGON GROWN

The superior quality of Oregon Grown Roses is so well known, especially by the large distributors of the Eastern and Middle-western states, that it is now a question of supplying the demand. Many who have been buying Oregon Roses for years, continue with repeat orders. Our Roses are budded, grown in soil and climate especially adapted to growing choice, well rooted, sturdy, strong constitutioned, hardy bushes. They are grown by cultivation—not irrigation. They mature better, store better and grow better than those irrigation grown.

We tie all Roses in bunches of ten when grading and will appreciate it if you will make your orders for ten of a kind or multiples of that number. If less than ten of a variety are ordered, an additional charge of 2½ cts. per bush will be made on that variety.

Prices quoted below (except where noted) are for 2-year, field grown, budded Roses, F. O. B. cars or boat at Orenco or Portland, Oregon. Packing or boxing expense at cost to be added.
